www.thinstone.co.za

Proud Stockists of

THINQ®

7mm ITALIAN QUARTZ SURFACES

Discover **thinness**. Explore **lightness**.

ThinQ surface is a 100% original Italian engineered stone combining outstanding technical performances to an impressive thinness of only 7 millimetres.

The great versatility of this cutting edge quartz collection of tiles and slabs, measuring up to 305x140 centimetres, allows the creation of an extensive range of applications for easy to install revolutionary interior design solutions.

Dry-cut patterns and furnishing elements enhance fully personalized décor creations

Thin Stone can also replace your doors and appliance, handles and exposed sides

Resistance and durability make ThinQ the ideal choice to fit over existing worktops create wall panels and integrated matching vanities, shower panels, worktops, splash backs, furniture and much more.

This refined selection of quartz surfaces come in the truly unique shades of natural stone and a range of glitter nuances available on demand.

Fineline Safety Backed Mirror is the **FIRST AND ONLY** product tested and compliant with - SANS 1263 - 1 : 2006. Edition 3
Comprising of Human Impact, Boil and Accelerated Weathering tests. **As required by National Building Regulations.**
Building Inspector will not issue certificate of occupation if the above is not met.

GET THE PROVEN STRENGTH OF A GENUINE TRELLIDOR.

THE ULTIMATE CRIME BARRIER

To the untrained eye, all expandable security gates look the same. The problem is that it's only in a crisis that the differences between a genuine Trellidor security gate and a similar looking product become glaringly obvious. From patented Trellidor locking systems to state-of-the-art anti-corrosion powder coating processes, we put the best possible technology into our door and window security barriers. So although some of our products look similar to other barriers, they certainly don't work the same.

EasyFlash is an innovative, strong and durable way to protect your roof abutments from all sorts of weather.

Tough, tear resistant, flexible and long-lasting, EasyFlash saves you:

- Time – Fast, easy installation.
- Money - Costs 1/3 of traditional methods over the lifetime of the product*.
- Maintenance - Seals for 15 years if installed as per instructions.

Trust EasyFlash from Coverland, because our long-lasting roofs put us on top.

Scan QR* to view the short application video or visit our website.

*Cellular data rates apply.
